<b>Ultimate Luxury Line</b>	<b>18</b>		

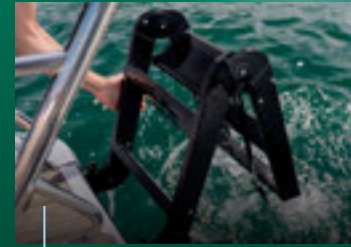

All specifications are based on the latest product information at date of printing. Crest Marine LLC reserves the right to make specification and manufacturing changes at any time without notice or without responsibility for existing units. Crest Marine LLC assumes no responsibility for errors and/or omissions in this document. Please check with your local Crest dealer to show available options for the most accurate information.

### Extended Deck

The Signature and Premium lines now have an extended deck option that provides extra room on the bow, giving the crew two extra feet of space to hop on and off the edge of the boat.

### Lillipad Revo Ladder

Getting on and off the boat is easier than ever before with the new Lillipad Revo ladder on all models in the Premium and Ultimate Luxury lines.

### Arch Tower

Arch options are now available on all models in the Premium and Ultimate Luxury Lines. Enjoy Klipsch Audio and RGB Lighting on the Ultra Luxury Cladded Arch—available on all models in the Ultimate Luxury Line.

### Premium Helm Designs

The redesigned helm on the 2024 Premium Line boasts cutting-edge features including advanced controls, enhanced visibility, and a sleek, modern appearance.

## Why Crest

For more than 65 years, our commitment to building exceptional pontoon boats has been evident in every step of our construction process. We take pride in our attention to detail, making sure our boat's rails are powder-coated for durability and our panels deliver long-lasting strength with added thickness. We make your comfort a top priority, ensuring the height, depth, and quality material inside the seats and loungers are just right for those longer days of cruising, fishing, and relaxing. From the initial stages to the final touches, our boats are not merely assembled but thoughtfully built.

*"We are on our third Crest over the last 20 years. Boating with Crest has given my children and grandchildren many years of quality family time."*

*- Terry from Toledo, OH*

## Construction

### BUILT FOR LONGEVITY

When you commit to purchasing a Crest, you're investing in a boat designed to withstand the hours you put on it and the elements it endures. Our emphasis on chassis construction and our meticulous welding ensures a leak-free performance and guarantees that your Crest pontoon isn't just a purchase; it's a lifelong companion to you and your family.

*"I'm disabled with paraplegia and have trouble going to the beach, so we bought a Crest Pontoon to make life easier. It's very easy to get on and off plus having a 150 horsepower motor gets me where I want to be at a decent rate. We only use our Crest in salt water, and I can't believe how well my tritoon handles the chop!"*

*- Jonathan from Destin, FL*

## Style

### TAILORED TO YOUR DESIRES

We understand no two boaters are the same, so why should their boats be? Our impressive lineup of models, colors, feature options, and seating configurations allow you to customize your boat to your personal tastes. This level of specification allows you to build the perfect pontoon boat that matches your on-water preferences, making each Crest experience truly unique.

*"Now we can boat early spring into the fall season. The compliments we have gotten from other boaters is so positive. We love the color combination. We don't think there is another like it on the entire lake."*

*- Jama from Robertsville, MO*

## Comfort

### CRAFTED BY CREST

We understand that comfort and quality are paramount to a lasting and memorable boating experience. It's only by upholding our own rigorous standards that we consistently meet these demands. All of the furniture on a Crest pontoon boat is crafted in-house by our very own experts. Our furniture outshines and outlasts the others and makes sure that every seat is plush and enjoyable, making it hard to claim which spot is in fact the best spot.

*"We needed more seat capacity with the power to still pull skiers and tube. We got it with our Crest! The whole family can now ride with no one left at the dock. We all enjoy the sunsets and lake to the fullest!"*

*- Gary & Janice from Manson, NC*
