

C **CREST**

THE 2016 COLLECTION

ALL WE ARE

IS IN ALL WE DO

Since 1957, Crest has been blurring the line between what the pontoon is and what it can be.

Doing so started with a simple belief: If you want something done right, you have to do it yourself. That's why – from the frame, to the fence, to the fiberglass – Crest manufactures more of its pontoon than anyone else in the industry.

A COMPANY OF CRAFTSMEN.

Our commitment to excellence starts with our people—always has, always will. We manufacture, without cutting corners. We innovate, without holding back. And we design, without going overboard.

THIS IS QUALITY. THIS IS EXCELLENCE. THIS IS CREST.

A LEGACY

1957

1970's

1990's

1960's

1980's

Early 2000's

At Crest, quality and excellence aren't words we say—they're ideas we live by. We measure ourselves by six principles, starting with **STRUCTURAL SUPERIORITY**. It's in the heart and soul of every Crest pontoon, accentuated by forward thinking and **INNOVATION**.

When it comes to **STYLE**, we exceed the standard—thanks to unique color palettes, eye-catching exterior,

and premium interior materials. Add that to our focus on **COMFORT** and you'll understand why every Crest feels as good as it looks.

Of course, a pontoon earns its marks by what it does on the water, which is why we put the utmost **PRECISION** into every part of the manufacturing process. The result is **PERFORMANCE** that never takes a day off.

Savannah 250 NX with Black Metal Flake and Platinum Accent, Orange Spice interior with polyvinyl Teak and Holly flooring

SAVANNAH

THE PONTOON AT ITS PINNACLE

The Savannah is the leader in a long line of innovative pontoons from Crest. From its inception, we considered the latest in styling trends, sought the finest components and materials, and blended them into a bold and unmistakable design that defies definition.

Under Deck LED Lighting.

SAVANNAH

Designed with the best of performance, style, and precision, Savannah challenges the idea of what a pontoon should be. Artfully advanced, Savannah is the embodiment of a true, premium watercraft—down to the very last detail.

Savannah's standard and optional features compare to luxury sport cruisers and runabout day cruisers.

Continental 250 SLR2 in Navy with Café interior and polyvinyl Teak and Holly flooring

CONTINENTAL

INNOVATION BEYOND COMPARE

At Crest, we're not afraid of new ideas—and Continental is proof. The introduction of an integrated-true, full walk-thru windshield goes beyond styling. It truly takes the pontoon to a whole new level.

Preferred Power Partner - Suzuki

Awarded Best Luxury Model
for 2014 and 2015

Preferred Power Partner - Suzuki

CONTINENTAL

The Crest Continental is a pontoon, but feels far from it. In the spirit of innovation, our engineers integrated a full, walk-thru windshield, blurring the line between a luxury sport cruiser and pontoon.

Shown with Standard Full Enclosure.

Continental offers the ride of a luxury sport cruiser, the space of a pontoon, and the confidence of knowing it's everything a Crest has ever been.

Caribbean 250 SLR2 shown in Graphite with Black Metallic Gelcoat and Orange Spice interior

CARIBBEAN

FROM RELAXING TO RIVETING IN SECONDS

The Caribbean isn't a boat as much as it is a breakthrough. Exceptional standard features and superior durability – coupled with an ability to transition between relaxation and water sports – will take your breath away.

Preferred Power Partner - Mercury

CARIBBEAN

Caribbean demands attention on the water with its appealing silhouette, one that combines with multiple textures of upholstery, attractive flooring, and a color-coordinated bimini top.

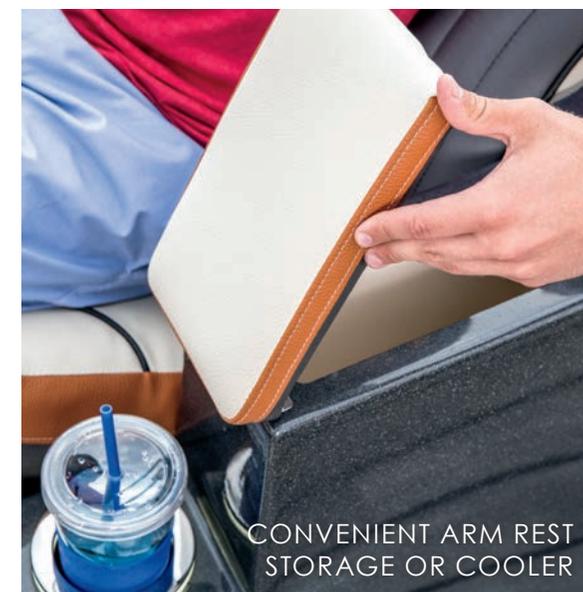

Whether you choose the 23' or 25' version, Caribbean offers plenty of room to sit, spread out, or walk around.

250 Classic SLR2 in Cabernet with Sport Bimini Tower

CLASSIC

YOU CAN'T GO WRONG

If you're looking for a pontoon made for the whole family, Classic is the one. With a timeless style and variety of models to choose from, you're in for day after enjoyable day on the water.

Preferred Power Partner - Suzuki

CLASSIC

On the inside, Classic is loaded with features— including custom seat designs, unique options, and high-quality materials. On the outside, Classic earns its name with a silhouette that's been adored for years.

With affordability in mind, Classic delivers on every one of Crest's pillars—including precision, style, and performance.

CHATEAU

Kick your Classic up a notch with the Chateau version, which offers advanced features for all-day getaways.

Cruising, entertaining friends and family,
exploring new destinations—it's even
better on a Classic Chateau.

250 Classic Upper Sun Deck Available in "L" Group Floor Plan Only.

UPPER SUN DECK

Looking to take your pontoon to another level? With the optional top-level deck, available on the Classic "L" floor plan, you can elevate every second on the water.

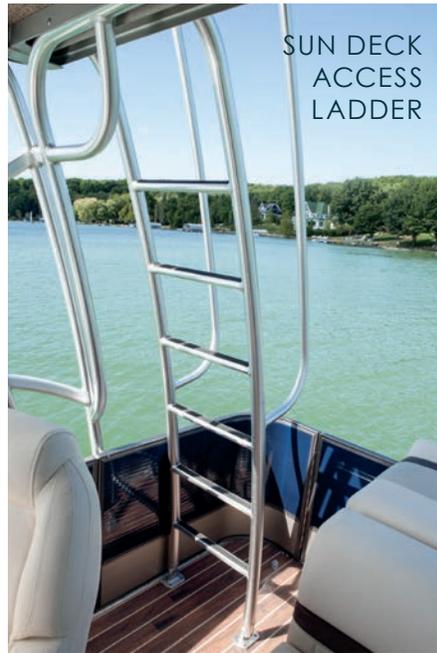

With the upper sun deck, your experience is only enhanced with everything below—plenty of storage, cup holders galore, and an audio system that will keep everyone groovin' all day long.

Crest I 220 SLRD in Steel with polyvinyl
Weathered Gray flooring

CREST I

AN EXCEPTION THAT RULES

While designed to be an affordable luxury boat, Crest I shares the same DNA with all of our models. So while you may consider it for its value, you're getting all the benefits of exceptional quality and craftsmanship. Simple and superior don't often define the same product. Crest I is an undeniable exception.

CREST I

From the bow to the stern and everything in between, Crest I is built with a high standard of excellence—making it top in its class.

Everything Crest stands for is embodied in Crest I. Craftsmanship, technology, and durability—made for the whole family.

EXPERTLY ENGINEERED IN MORE WAYS THAN ONE

Performance is measured in many ways. We consider exceptional performance at all levels in our engineering and design. We begin with the Crest Standard for our traditional twin pontoon design and offer running surfaces that can accommodate a wide range of water conditions and horsepower. Our CP2, CPT and CP3 options take pontoon performance to a level that is safe, comfortable, serviceable and – most importantly – built for your needs.

*Consult with your local Crest dealer for performance hull options.

CP2 STANDARD

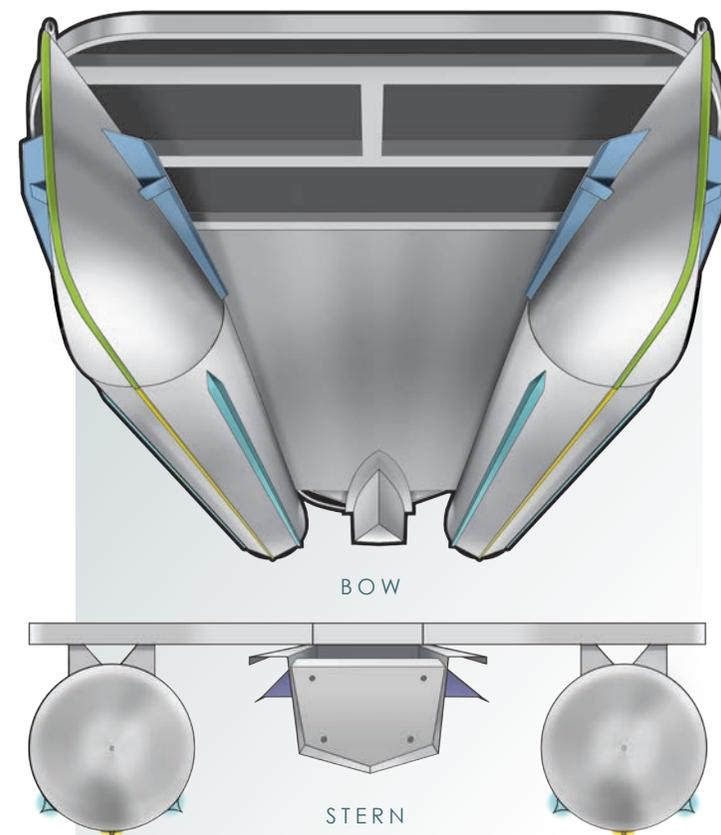

AVAILABLE ON:

Crest I, Crest II, Caliber and Classic

- Large 25" diameter tubes
- Fully chambered tubes (4) for added strength, durability, flotation and safety (2 chambers on Crest I)
- Exclusive 5/8" solid extruded keel
- .100 gauge - 49" nose cone - Crest I, Crest II
54" nose cone on remaining models

CP2 PERFORMANCE

AVAILABLE ON:

Crest I, Crest II and Classic

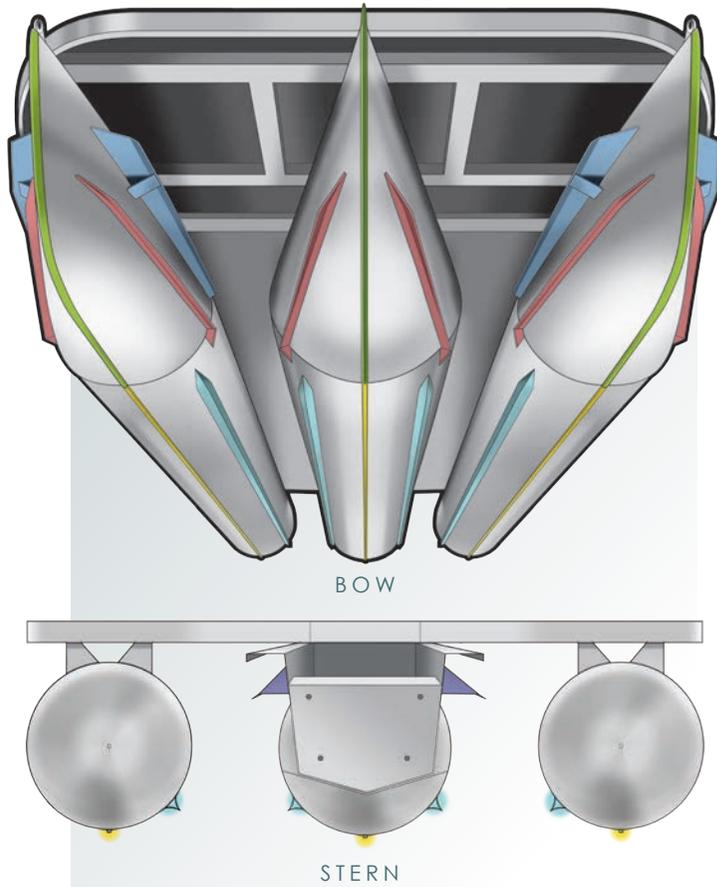

- Large 25" diameter tubes
- Fully chambered tubes (4) for added strength, durability, flotation and safety (2 chambers on Crest I)
- Aluminum underskin
- .100 gauge 49" aluminum nose cone
- Exclusive 5/8" solid extruded keel

CP2+ PERFORMANCE:

- SeaStar hydraulic steering

■ Upper Spray Shields
 ■ Lower Spray Shields
 ■ Front Nose Cone Protector
 ■ 5/8" Solid Keel

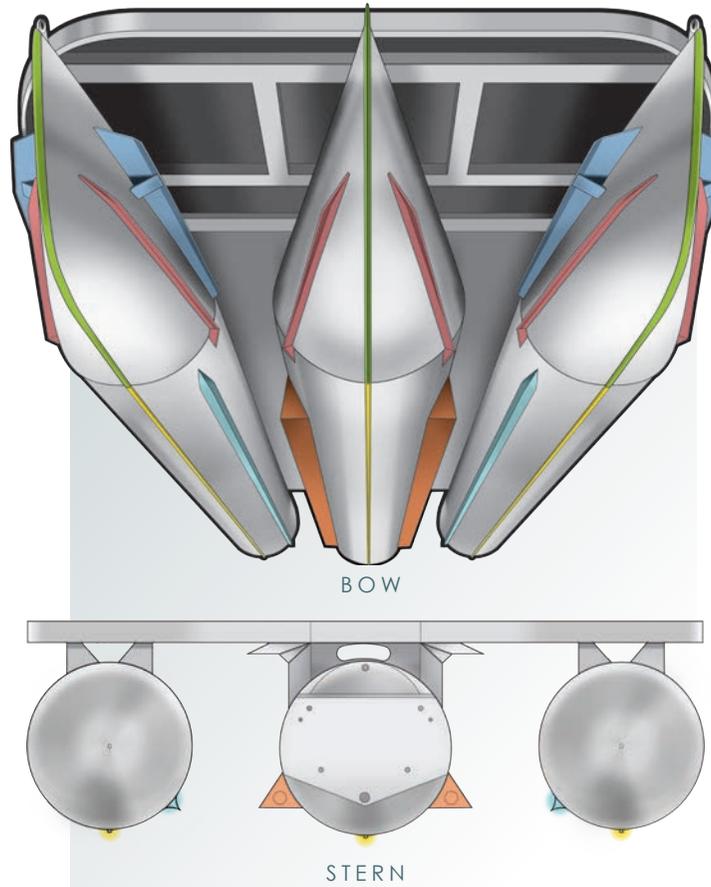

CPT OPTION

WHY IS CREST BEST?

HERITAGE – Crest has been designing, handcrafting and manufacturing quality pontoons since 1957. In fact, many of our team members began working at Crest before our younger employees were even born. For over fifty-five years, we've been the pontoon experts—and our experts have your back.

FULLY SEALED CHAMBERS – When you're on the water, nothing is more important than safety. Our tubes have four* fully sealed chambers to ensure maximum protection, flotation and safety, and a solid 5/8" extruded aluminum keel to protect the tubes. No other brand matches these features.

**(Crest I has two fully sealed chambers.)*

THICKEST AND LONGEST NOSE CONES – To knock down rough waves and smooth out your ride, our nose cones have the thickest gauge aluminum in the business—a full 20% thicker than the competition. Crest nose cones are also longer than most to enhance handling and performance—so you'll enjoy your ride no matter the weather.

DOUBLE SPLASH GUARDS – Two splash guards protect better than one, so we precisely position dual guards (excludes Crest I & II) on our nose cones. This double protection improves ride quality, virtually eliminates water spray, and provides added strength. At Crest, we'll spare you the splash until you choose to take a dive.

THICKEST END CAPS – Like bumpers on your vehicle, end caps are designed to take a beating. Crest protects your investment with the thickest end caps in the business. To control quality, we make them ourselves; for durability, we use aluminum that is 25% thicker than competitors' materials. We'll concentrate on quality and durability—you concentrate on soaking up the sun.

THICKEST CROSS MEMBERS – Cross members give a boat strength; but since they're usually not visible, most brands skimp on them. Crest uses the thickest cross members in the business—50% thicker than most—to make our chassis. With our exclusive extruded aluminum box beam cross members, you get best-in-class ride quality, as well as unmatched performance and safety. At Crest, we wouldn't dream of skimping on strength—visible or not.

INTEGRATED FUEL TANKS – Remote external fuel tanks are unsightly, unreliable, and inconvenient. You'll never find one on a Crest. We engineer and integrate our fuel tanks into the motor well or into the tube, so you get more deck space, improved ride quality, and absolutely no listing. With Crest, you get more, so you can enjoy more.

90° FENCE RAILS AND GATES – Many brands use thin aluminum and “arch” their fence rails and gates. Not at Crest. We use thick 1¼" textured, extruded aluminum. For maximum safety, strength, and durability, all rail corners and gates are mitered at 90°, virtually eliminating pinch points. With Crest, you get less worry and more fun.

FULL LENGTH PIANO HINGES – Cheap hinges, gates, and stops can make pontoon fence gates a real hassle—and a genuine hazard. Unlike competitors, Crest adds strength and quality to its fence gates by using a single, full-length, piano-style hinge on every gate. We also install gate locks, gate stops, and child-proof safety stops.

THICKEST FENCE PANELS – Fence panels on most brands are so thin, they create an annoying “tinny” rattle. Crest panels are 33% thicker than most manufacturers' panels and we feature insulated cushion tape to eliminate rattling. Unlike most of our competitors, we also use full-height fence panels. Our aim is to provide total relaxation—without the rattle.

POWDER COATED, HEAVY DUTY RAILS – Unfinished, uncoated, and unprotected bare aluminum is unattractive and obsolete. Crest refuses to settle for the unsightly appearance of bare metal, so we powder coat our fence rails, creating a superior look, feel, and style. And to ensure top quality, we do it ourselves.

SUPERIOR DECK AND FLOOR COVERING – Boating should be hassle- and maintenance- free. We use ¾" 7-ply, marine-grade decking with a lifetime warranty. Additionally, most of our boats have either a polyvinyl or woven vinyl floor covering which looks great, lasts longer than traditional carpet, resists mold and mildew, and is stain-free.

NO PONTOON
COMPANY IS
**GROWING
FASTER
THAN CREST**

It's an achievement 55 years in the making—the result of constant innovation, unyielding quality, and craftsmanship at every turn. While we're proud to say it, we're more focused on what that achievement means—a better experience for each and every customer.

If you've been on a Crest, you know what we mean. If not, what are you waiting for?

THE FASTEST GROWING PONTOON BRAND IN THE WORLD.

Continental - Awarded Best Luxury Model for 2014 and 2015

WARRANTY

Our confidence in our materials, our methods and our suppliers allows us to offer a solid warranty on your Crest pontoon. The Crest Marine warranty provides peace of mind and value by offering warranties for structure and most components. This is an added benefit to a Crest Marine pontoon's resale value and the respect that a Crest brings to the market.

- 5-year Bow to Stern Warranty
- Limited Lifetime Structural Warranty
- Limited Lifetime Hull Warranty
